What's in a Name? IDDM/NIDDM, Type 1/Type 2 *H. Keen* 11

Review

Why is there still Disagreement over Insulin Secretion in Non-insulin-dependent Diabetes? *R. E. Ferner, K. G. M. M. Alberti* 13

Original Articles

Reversal of Insulin Resistance in Type 1 Diabetes following Initiation of Insulin Treatment *R. S. Gray, P. Cowan, L. J. P. Duncan, B. F. Clarke* . 18

Long-term Survival of Human Fetal Pancreatic Tissue Transplanted into an Insulin-dependent Diabetic Patient *B. E. Tuch, A. G. R. Sheil, A. B. P. Ng, J. R. Turtle* 24

The Effect of Six Months Continuous Subcutaneous Insulin Infusion on Kidney Function and Size in Insulin-dependent Diabetics *C. K. Christensen, J. S. Christiansen, T. Christensen, K. Hermansen, C. E. Mogensen* 29

Fasting Blood Glucose and Risk of Coronary Heart Disease, Stroke, and All-cause Mortality: A 17-year Follow-up Study of Men Born in 1913 *L.-O. Ohlson, K. Svärdsudd, L. Welin, H. Eriksson, L. Wilhelmsen, G. Tibblin, B. Larsson* 33

A Simple Diagnostic Test for Pupillary Abnormality in Diabetic Autonomic Neuropathy *S. A. Smith, R. R. Dewhirst* 38

The Effect of Residual Beta-cell Function on the Development of Diabetic Retinopathy *S. Madsbad, E. Lauritzen, O. K. Faber, C. Binder* 42

Glycosylated Haemoglobin Levels in Patients Referred for Oral Glucose Tolerance Tests *W. G. John, R. W. Richardson* 46

A Comparison of Biosynthetic Human Insulin with Porcine Insulin in the Blood Glucose Control of Diabetic Pregnancy *J. M. Leiper, K. R. Paterson, C. B. Lunan, A. C. MacCuish* 49

Platelet Aggregation in Non-insulin-dependent Diabetes is Associated with Platelet Fatty Acids *D. B. Jones, B. Haitas, E. G. Bown, R. D. Carter, K. Barker, R. Jelfs, R. C. Turner, J. I. Mann, R. J. Prescott* 52

Clinical Audit

Autonomic Neuropathy and Diabetic Foot Ulceration *M. E. Edmonds, K. H. Nicolaides, P. J. Watkins* 56

Beneficial Effect of Glycaemic Improvement in Non-ischaemic Forms of Diabetic Retinopathy: A 3-Year Follow-up *J. L. Selam, P. Millet, S. Zaluski, S. Saeidi, J. Mirouze* 60

Acceptability of High-fibre Diets in Diabetic Patients *M. A. Geekie, J. Porteous, T. D. R. Hockaday, J. I. Mann* 65

Management of Diabetes during Surgery with Glucose–Insulin–Potassium Infusion *D. J. Husband, A. C. Thai, K. G. M. M. Alberti* 69

Practical Guide

Dietary Guidelines for the Management of Diabetic Patients with Chronic Renal Failure *T. O. Nunan, M. A. A. A. Vennegoor* 75

Case Report

C-peptide Levels in Transient Neonatal Diabetes *H. L. Halliday, M. McC. Reid, D. R. Hadden* 80

Living with Diabetes

Experience of Continuous Subcutaneous Insulin Infusion in the Outpatient Management of Diabetic Teenagers *G. Knight, A. J. M. Boulton, J. D. Ward* 82

Education Section

The Personal Meaning of Having Diabetes: Implications for Patient Behaviour and Education or Kicking the Bucket Theory *R. M. Anderson* 85

Forum

VOLUME CONTENTS

March/April 1986 — Number 2

Focus

World Aspects of Diabetes *K. G. M. M. Alberti* 103

Review

The Neuropathic Foot in Diabetes Part I: Blood Flow *M. E. Edmonds* . . 111

The Neuropathic Foot in Diabetes Part II: Charcot's Neuroarthropathy *A. P. Brooks* 116

Lawrence Lecture

Death of a Beta Cell: Homicide or Suicide? *G. F. Bottazzo* 119

Comment

Facilities in Diabetic Clinics in the UK: Shortcomings and Recommendations *G. S. Spathis* 131

Rostrum

Driving and Diabetes: A Summary of the Current Medical and Legal Position Based Upon a Recent Heavy Goods Vehicle (HGV) Case *C. S. Cockram, T. Dutton, P. H. Sönksen* 137

Original Articles

The Prevention and Reversibility of Tissue Non-enzymatic Glycosylation in Diabetes *S. McLennan, D. K. Yue, M. Marsh, B. Swanson, L. Delbridge, T. Reeve, J. R. Turtle* 141

Frequency of Daytime Biochemical Hypoglycaemia in Insulin-treated Diabetic Patients: Relation to Daily Median Blood Glucose Concentrations *B. Thorsteinsson, S. Pramming, T. Lauritzen, C. Binder* . 147

Chlorpropamide Lowers Serum and Lipoprotein Cholesterol in Insulin-Dependent Diabetes *P. W. Seviour, T. K. Teal, W. Richmond, R. S. Elkeles* 152

Long-Term Effects of Intestinal Alpha-Glucosidase Inhibition on Postprandial Glucose, Pancreatic and Gut Hormone Responses and Fasting Serum Lipids in Diabetics on Sulphonylureas *L. O. Uttenthal, O. O. Ukponmwan, S. M. Wood, M. Ghiglione, M. A. Ghatei, I. M. Trayner, S. R. Bloom* 155

Paradoxical Platelet Behaviour in Diabetic Ketoacidosis *R. R. Campbell, K. J. Foster, C. Stirling, D. Mundy, J. P. D. Reckless* 161

Education Supplement

Innovative Care 165

Case Reports

Diabetic Pregnancy following Renal Transplantation *A. Grenfell, M. Bewick, J. M. Brudenell, J. V. Carr, V. Parsons, S. Snowden, P. J. Watkins* 177

Media Review 180

Erratum 180

International Scene

Failure to Diagnose Diabetic Ketoacidosis in Tanzania *H. T. Rwiza, A. B. M. Swai, D. G. McLarty* 181

The Diabetes Control and Complications Trial *H. Keen* 184

Third Annual Meeting of the Anglo-Danish-Dutch Diabetes Group *K. Borch-Johnsen, M. L. Larsen, G. Hitman* 184

Review

Towards Better Management of the Diabetic Patient with Raised Blood Pressure *C. M. Ritchie, A. B. Atkinson* 301

Seminars in Immunology

Complement *D. Vergani* 306

Original Articles

Hypotensive Therapy Reduces Microvascular Albumin Leakage in Insulin-dependent Diabetic Patients with Nephropathy *H.-H. Parving, U. M. Smidt* 312
Comparison of Liquid Phase Radiobinding Assay and Solid Phase ELISA for the Measurement of Insulin Antibodies and Insulin Autoantibodies in Serum *J.-L. Diaz, T. Wilkin* 316
Altered Recognition of Hypoglycaemic Symptoms in Type I Diabetes during Intensified Control with Continuous Subcutaneous Insulin Infusion *I. Lager, S. Attvall, G. Blohmé, U. Smith* 322
Human, Porcine and Bovine Ultralente Insulin: Subcutaneous Administration in Normal Man *D. R. Owens, J. P. Vora, L. G. Heding. S. Luzio, R. E. J. Ryder, J. Atiea, T. M. Hayes* 326
Failure of Improved Glycaemic Control to Reverse Diabetic Autonomic Neuropathy *The St Thomas's Diabetic Study Group* 330

Clinical Audit

Impaired Vibratory Perception and Diabetic Foot Ulceration *A. J. M. Boulton, D. B. Kubrusly, J. H. Bowker, M. T. Gadia, L. Quintero, D. M. Becker, J. S. Skyler, J. M. Sosenko* 335
Glucose Intolerance and Hypertension in North London: The Islington Diabetes Survey *R. D. Forrest, C. A. Jackson, J. S. Yudkin* 338
Do Diabetics Remember all They have Been Taught? — A Survey of Knowledge of Insulin-dependent Diabetics *S. Germer, I. W. Campbell, A. W. M. Smith, J. D. Sutherland, I. G. Jones* 343

VOLUME CONTENTS

Forum — Letters to the Editor 346

BDA Abstracts — Abstracts of Scientific Papers and Posters presented at the April 1986 meeting of the Medical and Scientific Section of the British Diabetic Association 348A

DM Diary 399

Forthcoming papers 400

September/October 1986 — Number 5

Focus — 'Diabetes' first complications second *Philip Home* 409

Reviews — Blind Alleys in Diabetes Research: Muscle Capillary Basement Membrane Thickening: Marker of Microvascular Complications or False Prophet? *T. L. Dornan, R. B. Tattersall* 413

Reactions to Educational Techniques: Coping Strategies for Diabetes and Learning *S. M. Dunn* 419

Original Articles — Microalbuminuria in Elderly Hyperglycaemic Patients and Controls *E. M. Damsgaard, C. E. Mogensen* 430

The Relationship between Autonomic Neuropathy and Urinary Sodium and Albumin Excretion in Insulin-Treated Diabetics *P. H. Winocour, H. Dhar, D. C. Anderson* 436

Influence of Metabolic Control of Insulin-dependent Diabetes on Plasma Nucleotide Levels (cAMP, cGMP) During Bicycle Exercise *R. Kuzmits, G. Schernthaner* 441

Glycosylated Haemoglobin in Uraemia *R. Paisey, R. Banks, R. Holton, K. Young, M. Hopton, D. White, M. Hartog* 445

Aortic Stiffness in Insulin-dependent Diabetics: An Echocardiographic Study *H. Thordarson, G. Thorgeirsson, T. Helgason* 449

Angiotensin-Converting Enzyme (ACE): Relationship to Insulin-dependent Diabetes and Microangiopathy *M. J. Toop, K. J. C. Dallinger, P. E. Jennings, A. H. Barnett* 455

Clinical Audit — Congenital Malformations in Babies of Diabetic Mothers *C. Lowy, R. W. Beard, J. Goldschmidt* 458

A Trial of the Calcium Antagonist Nisoldipine in Hypertensive Non-insulin-dependent Diabetic Patients *G. O. Odigwe, A. J. McCulloch, D. O. Williams, W. M. G. Tunbridge* 463

Forum — Letters to the Editor 468

Education Supplement — Hypoglycaemia and Criminal Responsibility: A Guide to a Lawyer's View of Diabetes *R. Tattersall* 470

The Wasted Resource: Helping Young People with Diabetes to Help Each Other *C. Fox* 475

A Management System for Diabetes in General Practice *R. L. Gibbins, C. J. Rowlands, J. Saunders* 477

Case Reports — Behaviour Therapy for Phobia of Venepuncture *J. Steel, R. Taylor, G. Lloyd* 481

Retinal Haemorrhages and Papilloedema due to Benign Intracranial Hypertension in a Pregnant Diabetic *T. Wheatley, J. D. A. Clark, O. M. Edwards, K. Jordan* 482

Living with Diabetes — A Pragmatic Approach to Sexual Dysfunction in Diabetic Men: Psychosexual Counselling *D. K. McCulloch, D. J. Hosking, A. Tobert* 485

Rostrum — Guar Gum: the Importance of Reporting Data on its Physico-Chemical Properties *P. R. Ellis, E. R. Morris, A. G. Low* 490
